

EXTRATERRESTRIAL CONTACT, SPIRITUALITY

“Sitting quietly in total darkness, I focus my attention in the middle of my head...in my Third Eye. Going deeper, I pray for protection while my consciousness is out of my physical body and ask Spirit for clearing of any negative energy or entities that might be attached to me. I also pray for anyone I know who is need of healing.

For a few moments there is a sensation of falling into darkness, into meditation so deep that I sometimes think of it as being in a trance, a state of “no mind.” As an invisible force gently moves my head downward, exposing the back of my neck, a wave of heat comes over me and I feel a mild paralysis. In a matter of seconds, my consciousness is somewhere else, and I begin to have visions and receive information from a fluid, moving phenomenon I call “The Tickertape.” It appears as a stream of words flowing quickly from right to left in a rectangular window in my clairvoyant vision.”

“Beautifully written and incredibly interesting, THE TICKERTAPE is the exciting story of Jessica’s amazing otherworldly encounters. It offers the reader a deeply personal glimpse into her enlightening experiences of OBEs, extraterrestrial visitations, miraculous healings, psychic visions, spirit communications, fantastic synchronicities, and so much more. The illustrations of her visions help bring the story to life. This book is a wonderful adventure story filled with little gems of wisdom and insight that introduce the reader to concepts and ideas that have the potential to wake them up to a whole new way of thinking. Anyone interested in these subjects will benefit from reading this book. I recommend it wholeheartedly.”
